

Implementation Checklist

30-day rollout checklist for NEXUS.

Standard: Every task has an owner and a due date. If not, it's wishful thinking.

Days 1–7 — Diagnose + choose priorities

Task	Owner	Due date	Done

Days 8–14 — Install cadence + scorecard

Task	Owner	Due date	Done

Days 15–23 — Write 3 SOPs (critical workflows)

Task	Owner	Due date	Done

Days 24–30 — Automate + review

Task	Owner	Due date	Done

Weekly rule: Review scorecard and checklist every week. Improve monthly.
